Topics and questions to discuss with your employee sponsor:

Role of Employee Sponsor/Advisor

The role of an employee sponsor/advisor is to provide support and guidance, but not to provide direction to the club. Some of the ways an employee sponsor can support a club can be by helping club executives navigate the Langara context, foster student-employee engagement and connections on campus, provide knowledge and guidance when requested, and act as a champion and advocate for the student experience.

- What are the goals of the club? What activities and events will you host?
- What does communication look like between the club and the employee sponsor?
- How involved does the employee sponsor want to be?

Questions from the online club application:

The bolded questions below are questions that you will be asked as part of the online club application. Please take the time to draft and reflect on your responses to ensure that you are prepared to complete the club application.

- **How will your club enhance student life at Langara?**
 - How will the club contribute to the student community at Langara?
- **What is or are the main objectives of your club?**
 - What goals do you have for the club? What purpose does the club serve?
- **What processes will you put in place to ensure that your club is welcoming and inclusive for all Langara students?**
 - In order to uphold Standards of Student Conduct (Policy E1003), what processes, actions, and expectations will you set?
- **What type of leadership opportunities will your club provide students?**
 - What opportunities and positions will students be able to hold?
 - How can these opportunities support their personal or professional development?
- **What processes will you implement to ensure that the club can continue to function and serve students from semester to semester?**
 - As your members and executives graduate and move on, how will you ensure that the club will continue to run?
 - What processes will you put in place to transition new executive members into their roles and help them feel confident in leading the club?
- **What type of activities and events does your club want to host?**
